Creative Backing Structure

Different from typical backing systems, LuxCushion™ repurposes high resilience nylon that is a byproduct from yarn wasted during carpet manufacturing process. Compared to typical felt or foam backing, LuxCushion™ shows a superior resilience performance thanks to its unique 3D structure. Tufted like “springs”, LuxCushion™ provides better underfoot comfort for indoor environment.

LUXCUSHION™

Dream Collection

Dreams make everything possible. The new Dream Collection released by Tuntex narrates the power of dreams. Meanwhile, the latest innovation backing system, LuxCushion™ is introduced to improve your indoor experience.
